

Castle & Crystal Credit Union goes from strength to strength

Dudley Council's new deputy leader visited Castle & Crystal Credit Union today (Friday May 22) to see firsthand how it continues to make a difference for local people.

The credit union provides affordable loans and secure savings for everyone who lives or works in the Dudley borough and the county of Worcestershire.

Castle & Crystal Credit Union has grown from strength to strength, attracting more corporate accounts such as Halesowen Carnival Association and Wrens Nest Tennant & Residents Association.

The service continues to expand the number of local people it serves with over 4,000 account holders.

Councillor Judy Foster, deputy leader of the council, said:

“As newly elected deputy leader of Dudley Council with responsibilities for customer services, I can’t stress enough that the quality of service that the public receives from the council is of the up most importance.

“I have always been impressed with the customer service that I received from Castle & Crystal Credit Union and as such have happily held an account with them for nearly 13 years.

“By having an account with the credit union you can be assured that you will not only be dealt with by friendly and helpful staff, but your saving are secure and loans are provided at an affordable rate.

“I would strongly recommend any local people, business or charities who has not yet opened an account with the credit union to do so.”

As part of the services offered by Castle & Crystal Credit Union it is possible for some people to have an automated payroll deduction taken directly from their salary each time they are paid, completely hassle free saving.
